Congressman Caleb Powers has been given an indefinite leave of absence on account of ill health.

A recent tornado carried newspapers 100 miles, cheaper than the government will hereafter carry them.

An order has been issued forbidding naval officers or others in the service from discussing war matters even in their own families.

The Press boys will be the guests of a consumers' company at luncheon to-day and will probably consume whatever is set before them.

Bombs dropped dangerously near to the Kaiser, Gen. Von Hindenburg, Prince Eitel and other notables Friday at Ghent, Belgium. Three officers near by were killed.

The Press boys are enjoying themselves in Louisville this week and are turning their own program for the business meetings for the first time in years.

San Salvador was not destroyed as reported. The city was visited by an earthquake, a cloudburst and a volcano eruption at the same time, Thursday evening. Much property was damaged, but few lives were lost.

W. G. McAdoo, Secretary of the Treasurer, and W. P. G. Harding, governor of the Federal Reserve Board, spoke on the Liberty Loan at Macaulay's Theatre, Louisville, yesterday morning and proceeded to Cincinnati. The Secretary was accompanied by Mrs. McAdoo, the President's daughter.

GERMANS STOP COUNTER BLOWS

Apparently Too Demoralized
To Try to Regain Ground
Taken By Haig.

RAIDING ALONG FRONT

British Say Their Losses In
Thursday's Battle Was
Less Than 1,000.

Another day has passed without the demoralized Germans along the Ypres front making an effort by counter attacking to regain the ground they lost in the titanic drive of Field Marshal Haig's men last Thursday. South of Ypres, however, the Teutons heavily bombarded the British positions where additional terrain was taken from them Saturday night on several sectors.

Aerial activity between the German and British flyers continued Saturday and numerous battles in the air were fought. Nine enemy machines were accounted for by the British, who themselves lost three.

There has been no fighting along that part of the line where the French are facing the Germans rising above the character of small surprise attacks.

In the Austro-Italian theater the fighting is being done entirely by the wings of the opposing armies. There has been no attempt at a resumption by the Italians of their great offensive on the Carso front, but from the fact that reconnoitering parties are being sent out to survey the new posts of the Austrians, another great battle probably is not far distant.

In Macedonia, especially along the Vardar river sector, artillery duels are in progress.

IN RUSSIA AND SPAIN.

The situation at Kronstadt, where the council of workmen's and soldiers' delegates is still defying the provisional government, remains tense. Apparently as its first step in carrying out its threat to take resolute action, the government has recalled various officials from Kronstadt. A heartening sign in the crisis there is the fact that the fleet in that port is reliable and can be depended upon to aid the government.

The movement for the establishment of a republic in Russia has been joined by the congress of peasants in all Russia.

The situation in Spain which resulted from the resignation of the ministry is still acute. As a result of the recent bombardment of Ostend, and probably in fear that another operation of a similar character might be carried out against the port, the Germans have removed all the large ships from the harbor, which presents a deserted appearance. British headquarters in France says that up to Friday evening the number of men of all ranks who failed to respond to roll call on the British side was just about 1,000.

Judging from past experience about 60 percent of these are men wounded so slightly that they are able to walk, and of the remainder a number will be able to rejoin their regiments later on.

MINE HERO NOT WHEAT CROP AMONG RESCUED NOW READY

Devised Plan By Which 28
Butte Miners Got to Safe-
ty But Is Lost Himself.

MANNUS DUGGAN IS NAME

First Question the Rescued
Men Weakly Whispered
Was as to His Safety.

Butte, Mont., June 11.—Twenty-seven men, rescued alive from the 2,400 foot level of the Speculator mine, owe their lives to the heroism and resourcefulness of Manus Duggan, a 20-year-old nipper, or tool boy, according to their story.

Young Duggan, displaying rare presence of mind, showed his other fellow workmen how to bulkhead themselves from the dangerous gas and preserve their lives until their rescue. There were 29 members of the party and 27 of them are alive, the 28th man, J. H. McAdams, dying despite efforts to resuscitate him.

The fate of young Duggan is not known but it is believed that he has perished.

The finding of the men alive stimulated efforts of the rescue teams and there is strong hope that others may be found alive. Fifty bodies have been recovered and 120 were still missing after the rescue of 28.

MAYOR GETS TWO SALARIES

Both City and Nation Pay
Official Called to
Colors.

Des Moines, Ia.—Mayor John MacVicar will continue to draw his salary as chief head of the city while he is away performing his military duties. His pay as captain in the quartermaster's corps while attached to Fort Douglas, Utah, will be \$200. This, combined with his salary as Mayor at \$3,500 a year, will give him an income of about \$500 a month.

Tom Fairweather, who will be Mayor pro tem in the absence of Mr. MacVicar, will continue to draw his same old pay, \$3,000 a year. No provision in city ordinances make it possible for Fairweather to draw the regular salary for Mayor.

Harvest Season Is Close at
Hand With Labor
Scarce.

YIELD TO BE VERY LIGHT

Farmers Are Advised to Let
It Get Fully
Ripe.

Already some early crops of wheat are about ready to cut, and by next week harvest will be in full headway with labor a scarce article. Farmers may have to exchange hands to get the crop harvested, as has been proposed.

Owing to high prices of flour it may be the tendency of many farmers to harvest their wheat crops too early. In some sections of the State the crop is promising, but to harvest before the berry has had time to mature would mean a big loss to the farmers. Great care should be exercised in harvesting wheat to get the largest yields and grain that will make the best grade of flour.

Wheat should be harvested when the grain is in the dough stage. At this stage the berries can be indented with the finger nails, but they are not milky. Harvesting at this stage insures the largest yields. If harvesting is begun before the grain is in the dough stage there will be a considerable loss due to shrinkage, and in the poor quality of flour milled from such grain. If harvesting is deferred until the grain is dead ripe much grain will be lost by shattering. The feeding value of the straw is decreased if it is cut after the grain has passed through the dough stage.

Will Dabney, malicious shooting.
Joshua O'Brien, breaking into storehouse.

LIBERTY BOND CAMPAIGN

Under the Leadership of R.
E. Cooper Starts
at 10 A. M.

2 HOURS' WORK PLANNED

City Divided Into 17 Districts
Each Covered by a
Committee.

Today is Liberty Bond day in Hopkinsville.

By proclamation of Mayor Stowe, all business in the city will be suspended from ten o'clock to twelve o'clock.

In these two hours there will be made a whirlwind campaign over the entire city. Every citizen will be given an opportunity to subscribe and thus help finance the Government and aid in carrying the war to a successful close.

The work will be under the personal direction of Mr. Emmett Cooper and each district will be canvassed by a committee. These committees will be led by Messrs. Bailey Russell, H. A. Keach, E. H. Armstrong, J. T. Wall, Rev. Geo. C. Abbott, J. J. Metcalfe, Hancock Higgins, F. K. Yost, M. E. Bacon, W. S. Davison, A. H. Eckles, W. R. Wheeler, T. J. McReynolds, James West, J. O. Cook, Carl Keach and C. R. Clark.

Sunday was Liberty Loan in almost every church in the country. Every pastor urged his congregation to aid in the canvass. At the 9th St. Christian church, Rev. F. F. Walters preached to the Knights of Pythias Lodge and after the sermon suggested that every member of the lodge contribute one dollar toward buying a bond for the lodge. The suggestion was adopted by the lodge. At the evening service when he preached on "Tithing," Rev. Walters suggested that his church buy a bond and a hundred dollars was pledged by the congregation to buy a bond in the name of the church.

Our county is far behind the other counties of the State. Shall we be branded by the Government as a slacker county? If so, a direct tax shall be placed on every individual in the county to make up the Liberty Loan deficit.

Let us all wake up to the necessity of the occasion and not be the disgrace of not only Kentucky but of the nation. If we do not do our share we shall be fighting just that hard for the German Kaiser.

The plan of the Liberty Loan Bond committee in its city campaign from ten to twelve o'clock today is as follows:

All the solicitors of the 17 divisions will assemble at Avalon at 9:30 a. m. for final instructions.

Each captain must be present to see that he has enough workers to cover his district within two hours and that each worker has subscription blanks.

At 10 o'clock sharp, every factory is requested to blow its whistle for 2 minutes. This shall be the signal for the solicitors to begin work. At 12 o'clock all solicitors return to Avalon to make report.

While each team has a given district, they must sell bonds to everyone they come in contact with whether the party lives in that district or not.

Bring back the name of each one solicited that did not buy a bond and statement of their reason why they did not buy.

Christian county must subscribe for her full quota of \$400,000.

Hopkinsville should buy \$200,000 exclusive of amount taken by the banks. Every bank in the county will advance you the money to pay for any number of bonds you may buy. You pay 10 per cent. cash, then on the 15th of each month 10 per cent., for 9 months, then the bond or bonds will be delivered to you.

What \$100 Liberty Bond will purchase: Equip two soldiers. Buy 32

New President.

It is proposed to raze the two boys' dormitories on the campus and to adopt a definite plan for the arrangement of buildings which may hereafter be constructed on the campus. The first new building proposed is an auditorium with a seating capacity of 2,510.

The Probe Committee, consisting of Robert G. Gordon, of Louisville, chairman; J. I. Lyle, Jas. W. Turner, G. A. Ammon and Senator H. M.
